SALAZAR CAPTURES EL TIGRE

Gold Mining Camp Falls Into Hands
of Rebels After Several Attacks.
Regulars Succeed in Taking Border
Town of Ojinaga After Some Brisk
Fighting.Douglas, Ariz., Sept. 16.—Interest
here in the Mexican situation on the
border centered on the widespread
threats of rebel leaders to kill Ameri-
cans in Sonora and the report that a
new revolt against the Madero admin-
istration was to be launched.Fulfillment of the threat of Emilio
Campa to capture Hermosillo, the
capital of Sonora, was given some color
when a message from Nogales said
that Campa's rebels were thought to
be within striking distance of the cap-
ital. There are 100 Americans at Her-
mosillo.Inez Salazar and his rebel band cap-
tured El Tigre, the American gold
mining camp, twice attacked by him.
In the fighting seven federalists were
killed and a dozen wounded. Only
one American, Gilbert McNeill, was
wounded, but his wound is not serious.
The rebel loss could not be learned.Telephone communication was re-
stored long enough to inform the of-
ficials here that the town had been
taken and that no Americans had been
killed or seriously hurt.

WILL DEPORT THE OROZCOS

No Charges Pending Against Either
in This Country.Washington, Sept. 16.—The United
States will hold Colonel Pascual Orozco,
Sr., father of the rebel general, and
Colonel P. G. Orozco, with any
other captured Mexican rebels prob-
ably for deportation to Mexico. No
charges of violations of the neutrality
laws are pending against either and
their position is the same as that of
their men.General Orozco, however, if cap-
tured, would be held for the Mexican
government, which is prepared to ask
for his extradition to face charges of
embezzlement of funds in his care
while inspector general of rurales, or
murder and brigandage.

FEDERALS CAPTURE OJINAGA

Drive Rebels Out of Border Town
After Brisk Fighting.El Paso, Tex., Sept. 16.—Ojinaga,
the Mexican border town opposite
Presidio, Tex., was taken by federal
troops after brisk fighting, according
to advices received at Fort Bliss by
General E. Z. Steever, commanding
the department of Texas.General Steever also received a re-
port from army officers at Presidio,
Tex., opposite Ojinaga, Mex., that
Colonel Pascual Orozco, Sr., father of
the rebel leader, was captured and is
held by United States troops at Pre-
sidio, together with Colonel P. G.
Orozco. Colonel P. G. Orozco is no
relation to the rebel leader.

WILSON ON HIS WAY WEST

Remains Silent on New York State Sit-
uation.Harrisburg, Pa., Sept. 16.—Silent on
the New York state situation, but turn-
ing his eyes expectantly westward,
Governor Woodrow Wilson traveled
through Pennsylvania on route to
Iowa, South Dakota, Minnesota and
Michigan."I have nothing more to say at pres-
ent," was the candidate's single reply
to questions concerning the contest
for the gubernatorial nomination in
New York.The governor said he probably
would open up on more issues of the
campaign than before on his trip,
which is the first to the Middle West.

Barnes Says Republican Committee Is
to Purge Its Membership.New York, Sept. 16.—That drastic ac-
tion will be taken by the Republican
national committee at its meeting
Wednesday to purge its membership
of men with leanings toward Colonel
Roosevelt has been announced by
William Barnes, Jr., chairman of the
national advisory committee."Every member of the committee,"
said Mr. Barnes, "will be required to
declare himself for the Republican na-
tional ticket and every one who fails
so to do will be expelled from the
committee."

rested in Iowa.Des Moines, Sept. 16.—Sidna Allen,
so called leader of the Allen clan,
which shot up the Carroll county
courthouse in Hillsville, Va., March
4, killing Judge McAfee and several
other persons, and his brother, Wesley Ed-
wards, were arrested here.Both men are en route to Virginia
in the custody of detectives, having
been started on the homeward trip
within an hour after the last was ar-
rested.

VAN HISE SUCCEEDS STRAUS

Latter Resigns Chairmanship of Rail-
way Arbitration Board.New York, Sept. 16.—Oscar S.
Straus, nominee of the Progressive
party for governor of New York, an-
nounced his resignation as chairman
of the board of arbitration which has
under consideration the increased
wage demands of the engineers of fif-
teen Eastern railroads.Mr. Straus resigned the chairman-
ship, he said, because of the pressure
of duties brought upon him by his can-
didacy. He remains a member of the
board, however.Dr. Charles R. Van Hise, president
of the University of Wisconsin, was
elected as chairman to succeed Mr.
Straus.TERRIFIC TORNADO
IN NEW YORK STATEThree Persons Killed, Fifty In-
jured and Immense Damage.Syracuse, N. Y., Sept. 16.—Three
persons were killed and fifty injured
by a tornado which worked a ten-mile
trail of destruction across the north-
ern part of Onondaga county. The
property loss is estimated at \$250,-
000.The dead are: William Madison,
Syracuse; J. Dopp, Fulton; Charles
Chapman, Selina.The black funnel shaped cloud first
appeared near Long Branch, a pleas-
ure resort ten miles from this city.
About 400 persons were there and
panic followed when building after
building toppled over and two mas-
sive interurban cars were hurled into
a ditch.A number ran into the dance hall
for safety, but this building was di-
rectly in the path of the storm and
was demolished. Many persons were
injured in it. The wind, thunder,
lightning and rain was terrific and
trees cracked and fell to the ground.The tornado leveled everything in
its path. Farmhouses and barns were
blown down, crops were ruined and
scores of head of cattle killed.

SHIPS COLLIDE IN THE AIR

Aviator Gill Loses His Life Racing
in Darkness.Chicago, Sept. 16.—Aviator Howard
W. Gill of Baltimore was fatally hurt
on the Cicero aviation field. George
Mestach of France, whose monoplane
collided with Gill's biplane seventy-
five feet in the air, when they were
participating in a race, was picked up
unconscious, but later revived and his
condition was found to be not serious.
Gill was rushed to a hospital, where
he died a short time later.Darkness was said to be primarily
the cause of the accident.Mestach, just before the monoplane
race was to start, protested to the of-
ficials of the Aero Club of Illinois
against racing in darkness, but the
start was called and he went up.

Woman Shot While Ironing.

Chicago, Sept. 16.—Anna Nucelo,
thirty years old, the mother of seven
children, was mysteriously shot to
death while she was ironing in the
kitchen of her home on the West Side.
Three shots were fired through the
rear window into the woman's back,
causing her death before the police
arrived.

To Boost Railway Mail Clerks.

Washington, Sept. 16.—Promotion
for 13,000 railway postal clerks Oct. 1
will be provided in orders to be is-
sued by Postmaster General Hitch-
cock. In the railway mail service
there are 16,700 clerks and a majority
of those not promoted will receive
more pay before the end of the cur-
rent fiscal year. A reorganization of
the railway mail service and increased
pay for postal clerks recently were
authorized by congress.HOW WILL THE
WOMEN VOTE?May Decide to Make a Showing
For the Progressives.

PARTY DECLARED FOR THEM.

How Cannon, When He Was Speaker
of the House, Managed to Keep a
Quorum in Washington During the
Closing Days of Congress—Mann Not
For the Senate.

By ARTHUR W. DUNN.

Washington, Sept. 16.—[Special.]—
What are the women going to do in
states where women have the ballot
when they come to vote for president
this fall? I ask this question in view
of the fact that delegations of women
appeared before the platform commit-
tees of the Republican and Democrat-
ic conventions and asked to have a woman
suffrage plank incorporated in the
platforms. Both parties refused to do
so. The Progressive party declared
unequivocally for woman suffrage.The states of Wyoming, Utah, Colo-
rado, California, Idaho and Washing-
ton are equal suffrage states. Even
stalwart regulars say there is every
indication that Roosevelt will carry
California, and his friends claim that
he will get Washington and Idaho,
with Colorado accounted doubtful.
But even the most sanguine do not ex-
pect he will get either Utah or Wy-
oming.And yet the women may decide to
make a showing for the party which
declares for woman suffrage.

Not a National Question.

But woman suffrage is not a real
national question any more than the
recall of judges and judicial decisions
are national. Our federal judges are
appointed for life, and it would mean a
revolution to change conditions so that
they could be recalled. The initiative
and referendum is not a national
question; it cannot be applied to na-
tional legislation, yet all these ques-
tions are made issues in national poli-
tics. Therefore woman suffrage can
be made such an issue.We do not hear very much about it,
and it is not very apt to figure in a
campaign where the personal equa-
tion cuts so much of a figure.

Uncle Joe Knew How.

About the close of the session of
congress Speaker Clark and Leader Un-
derwood were bending every effort to
keep a quorum in the city and were
not very successful. "Uncle Joe knew
how to keep a quorum," declared an
experienced observer. "He always had
a public building bill which he held
back until all other business was con-
cluded. More than two-thirds of the
members had 'pork' in that bill, and
they remained right on the job until
they nailed it down."But this year there was no public
building bill.

Has No Senatorial Hopes.

In almost any other state a man who
made himself as conspicuous in legisla-
tion as James R. Mann would be con-
sidered a senatorial possibility, but no
one seems to mention Mann in that
connection. Nor does Mann expect to
wear the Illinois toga. In every con-
test with the senate he takes a promi-
nent stand in favor of the rights of
the house. "I am prepared," he said
in the last contest, "to let them know
that the house will not be held up by
the senate or held up on the street with
a bludgeon." He also used that famous
phrase "millions for defense, but not
one cent for tribute."The man who has senatorial ambi-
tions does not defy the senate while he
is a member of the house.

Sleeping Soundly.

With a flourish of trumpets the
house passed a bill to prevent trading
in cotton futures. All efforts to have
it amended so as to include other farm
products failed. It was claimed that
the most disastrous gambling was in
cotton. And the bill went to sleep in
the senate. Just in what pigeon hole
of which particular committee room is
not important.The bill to prevent speculating in
cotton is in that sleep that knows no
waking. A cyclone could not drive it
through the senate during the short
session.

No More Junk Wanted.

"Now that the speaker has gone I
hope they won't send in any more
junk," remarked Wallace Bassford,
secretary to Champ Clark. He was then
trying to get rid of a clam shell, a little
toy from the Philippines weighing 212
pounds and 41 inches long and 26 wide.
Congressman Olmsted, who has given
considerable attention to Philippine af-
fairs, had it wished on to him first, but
he turned it over to the speaker. Per-
haps they will stow it away with the
touring car which the house bought for
the speaker, but which has not been
used by Champ Clark.

"Looking Forward."

During one of the numerous discus-
sions over tenure of office Senator
Hitchcock of Nebraska was advocat-
ing the retention of men who were do-
ing good service and opposing the
limitation of four years."If the Senator from Nebraska,"
remarked Senator Bailey, "will cast
his eyes forward beyond the 4th of
March he will find much need of some
of those places for the worthy Demo-
crats who have been kept out for so
many years."

WILLIAM D. HAYWOOD.

Industrial Workers' Leader
Is Charged With Conspiracy.

ECHO OF LAWRENCE STRIKE

William D. Haywood Is Arrested at
Boston.Boston, Sept. 16.—William D. Hay-
wood of Denver, Colo., general organ-
izer of the Industrial Workers of the
World, was arrested here on a capias
warrant issued as the result of an
indictment by the Essex county grand
jury, charging him with conspiracy
in connection with the strike of the
textile workers in Lawrence last win-
ter. He was released on \$1,000 bond.
The exact nature of the conspiracy
with which Haywood is charged was
not mentioned in the indictment.URGES PROMPT AND
EFFECTIVE ACTIONGovernor Calls Attention to Al-
leged Vice at Newark, N. J.Seagirt, N. J., Sept. 16.—Complaints
indicating a "scandalous disregard of
law in the city of Newark" have been
brought to the notice of the mayor and
chief of police of that city and to the
prosecutor and sheriff of Essex county
by Governor Woodrow Wilson. In a
letter to these officials the governor
calls attention to alleged vice condi-
tions in Newark, complained of recently
by the Anti-Saloon league of New
Jersey at a formal hearing before him
at Trenton. Documents relative to
the complaints are inclosed with the
governor's letter and prompt and ef-
fective action is asked.The documents, Governor Wilson
says, "set forth very explicitly and
with a good deal of detail conditions
of lawlessness and of scandalous pub-
lic disregard of law in the city of
Newark, which, if true, are deeply
demoralizing and disgraceful, and the
evidence with which the recital is sup-
ported is direct, the evidence of eye
witnesses of scenes which means, if
they mean anything, that the police
and civil authorities of the city not
only connived at the lawlessness but
in some instances countenanced it in
person."

OFFICIALS DENY THE REPORT

Taft Will Not Ask Comptroller Murray
to Resign.Beverly, Mass., Sept. 16.—The presi-
dent and Mrs. Taft returned to Be-
verly from Millbury, where the presi-
dent celebrated his fifty-fifth birthday
with his aunt, Miss Della Torrey.The president, tired after his long
motor ride, saw no visitors. White
House officials, however, openly de-
clared that the report from Washing-
ton that the president contemplated
asking for the resignation of Comptrol-
ler of the Currency Lawrence O.
Murray had no basis in fact. They
said the president had not asked for
Mr. Murray's resignation and had no
intention of doing so.According to the Washington report
Mr. Murray was to be asked to resign
because he had leanings toward the
new party and because he had refused
to write a chapter for the Republican
campaign textbook on the govern-
ment's financial side.

Secret Police Chief Shot.

London, Sept. 16.—Colonel Lupagon,
head of the Russian police, was shot
down while waiting for a street car
with his wife and daughter-in-law at
Pyatigorsk, Circassia, according to a
dispatch received here by a news
agency from St. Petersburg. The
assassin escaped.

Worried Over Losses at Port Arthur
During Russo War.Tokio, Sept. 16.—The city has been
kept in a state of excitement since
the suicide of General Nogi and his
wife, Countess Nogi, by rumors that
other persons had ended their lives
in testimony of their devotion to the
departed Emperor Mutsuhito. All
such reports, however, proved to be
baseless.Friends of General Nogi now say
that his mind had of late been ob-
sessed by memories of the Japanese
losses at Port Arthur during the Rus-

\$7,100 of funds of Mrs. Rosa Menschik
Szabo, for whose alleged murder at
Greenwood lake Burton W. Gibson is
now incarcerated in Goshen, N. Y.Gibson, as executor of Mr. Szabo's
estate, opened an account in a local
bank in August under the name of
"Estate of Ruzena Menschik Szabo"
and deposited \$7,397.Subsequently Gibson, as executor,
withdrew all but \$297. The investiga-
tors are trying to find out what he did
with the money.There are reports that Mrs. Szabo
had an attorney other than Gibson and
detectives are hunting for him.

PRESIDENT IS FIFTY FIVE

Taft Guest of Honor at Party Given
by His Aunt.Millbury, Mass., Sept. 16.—Miss
Della Torrey gave a party in honor of
her nephew, Will Taft. The president
was fifty-five years old and he was
the guest of honor. Mrs. Taft, Miss
Helen Taft and C. P. Taft, the presi-
dent's brother, and Mrs. C. P. Taft
were present.Aunt Della had plenty of apple pie,
such as the president was fond of,
when he went to school in Millbury,
but there were many other things to
accompany a perfectly good birthday
party.

Hayes Loses Police Job.

New York, Sept. 16.—Cornelius G.
Hayes, the demoted police inspector
who was recently placed on trial for
making a statement, alleged to be
false, reflecting on Police Commis-
sioner Waldo, has been found guilty
of the charges and dismissed from the
department. The statement by Hayes,
which led to his demotion from the
rank of inspector to captain and his
suspension from duty was that Waldo
had enjoined him from raiding disor-
derly houses without express instruc-
tions.

Fog Causes Fatal Wreck.

Rochester, N. Y., Sept. 16.—Dense
fog was responsible for the wreck on
the New York Central railroad at East
Rochester when three freight trans
came together, killing three men, seri-
ously injuring two others and causing
a property loss estimated at \$150,000.

MANY BOYS SWIM TO SHORE

Mate in Charge Anchors Boat in Hope

It Would Outride the Gale, but the
Anchor Began to Drag and Soon the
Craft Capsized—Motor Boat Tries to
Go to the Rescue, but Is Quickly
Swamped.Chicago, Sept. 16.—Five naval ap-
prentices were drowned and five are
missing as the result of the capsizing
of a cutter from the United States
naval training station at North Chi-
cago, Ill., forty miles north of this
city. The bodies of five of the vic-
tims were recovered and identified
and it is believed that the five boys
unaccounted for were drowned.The boys are between sixteen and
twenty years of age, and were from
the Middle and Western states.The cutter, in which twenty-four ap-
prentices went for a practice sail, was
struck by a squall and capsized within
200 feet of shore.The party left the training station
in charge of Gunner's Mate Meagus
and after cruising about the cutter
was headed for North Chicago.While the cutter was north of Lake
Forest a squall struck the boat, the
sails were lowered and an anchor was
thrown into the water. Gunner's Mate
Meagus, it is said, planned to let the
cutter ride out the storm, but the
waves soon were running so high the
boat dragged its anchor and gradual-
ly was being driven on the beach.When within 200 feet of the shore
the cutter was overturned by the wind
and waves and its occupants thrown
into the water.Captain W. F. Fullam, commander
of the naval training station, saw the
danger of the apprentices from his
headquarters and sent a motor boat
to the rescue, but this craft was cap-
sized before it had gone far and the
men in charge of it were obliged to
swim back to the shore.

Force of Men Goes to Rescue.

Later a force of men was sent along
the shore to where the cutter had been
wrecked and every effort was made
to rescue the apprentices.Many of the boys were able to swim
ashore. Several battled with the wind
and waves and finally boated ashore
on oars and pieces of wreckage.A number were rescued from the
surf by officers of the training sta-
tion and cared for at houses near the
scene of the wreck.It was reported that several of the
boys were unable to swim and became
seasick soon after the squall struck
the cutter.The boat in which the apprentices
went for the practice sail had a ca-
pacity of sixty and was not over-
crowded, according to the officers of the
naval training station.The wreck caused excitement in
Lake Forest, one of Chicago's fash-
ionable suburbs, and scores of residents
went to the scene of the accident and
assisted in rescuing the victims.A. L. Raymond, one of the boys
taken from the water, was resuscitat-
ed by a pulmonologist after he had been
worked over several hours.A pulmonologist was sent from Chicago
to the scene of the wreck soon after
the bodies of the victims were recov-
ered. The only body which showed
any signs of life was that of Ray-
mond and experts worked over his
prostrate form for more than an hour
before there was any hope of reviving
him. He was removed to the hospital
of the training station.

The best place to hide money is where they have vaults for safely pro-

"Brewster's Millions"
Frederick Thompson's production
of "Brewster's Millions," a drama-
tization of George Barr McCutche-
on's famous story of the same name,
will be the attraction at the Brainerd
opera house Thursday evening,
September 19.

The story is odd and tells of the
efforts of Montgomery Brewster to
spend a million dollars left him by
his grandfather, within a year, and
preserve complete secrecy regarding
his ultimate object. He is not per-
mitted to give or gamble it away,
nor is he permitted to endow any in-
stitution or erect any permanent
memorial. This is made a condition
under which he inherits a fortune
seven times as vast from an uncle
who has conceived and nourished a
bitter hatred for the grandfather.

Frederick Thompson, the produc-
er, has furnished a scenical equip-
ment for the play which, from all ac-
counts has proved sensational. The
third act—in the scene aboard the
yacht—one of Brewster's money-
spending devices—there is a marvel-
ous and particularly effective bit of
stagecraft. In this scene a storm
arises and the stage settings, the
movements of the waves, the light-
ning effects, all combine to make it
a particularly realistic and interest-
ing stage effect. The chief charac-
ter, that of "Monty" Brewster is in
the hands of the well known and
versatile young actor, Clyde Bates.

The heroine will be essayed by the
dainty and talented Catherine Cos-
griff. The other long list of charac-
ters will be represented by names
well known on the mimic stage.

GAS, SOURNESS and
INDIGESTION VANISH

Just as Soon as "Pape's Diapiesin"
Comes in Contact With the Stom-
ach all Distress is Gone

"Really does" put bad stomachs in
order—"really does" overcome indig-
estion, dyspepsia, gas, heartburn
and sourness in five minutes—that
—just that—makes Pape's Diapiesin
the largest selling stomach regulator
in the world. If what you eat fer-
ments into stubborn lumps, you belch
gas and eructate sour, undigested
food and acid, head is dizzy and
aches; breath foul; tongue coated;
your insides filled with bile and indig-
estible waste, remember the mo-
ment Diapiesin comes in contact with
the stomach all such distress van-
ishes. It's truly astonishing—al-
most marvelous, and the joy is its
harmlessness.

A large fifty-cent case of Pape's Di-
apiesin will give you a hundred dol-
lars' worth of satisfaction or your
druggist hands you your money back.

It's worth its weight in gold to men
and women who can't get their stom-
achs regulated. It belongs in your
home—should always be kept handy
in case of a sick, sour, upset stom-
ach during the day or at night. It's
the quickest, surest and most harm-
less stomach doctor in the world.

A \$100,000 PAY DAY AT BRAINERD

\$82,000 Disbursed by the Shops and \$14,500 by the Minnesota & International Ry.

\$2,700 PAID OUT IN YARDS

Extra Gangs, Section Crews, Etc., Bring the Roll to Approximately \$100,000

A \$100,000 pay day in Brainerd today! A flood of gold and silver is being paid out today by the Northern Pacific and the Minnesota & International railways.

Today is the biggest pay day in the history of the Northern Pacific railway shops in Brainerd. \$82,000 is the highwater mark set by the shops and it exceeds every other payday since the shops commenced work in Brainerd.

The switchmen and other forces in the yards drew about \$2,700. The extra gangs and section crews and others drew enough to bring the total figures of this shower of wealth to approximately \$100,000.

The Northern Pacific shops stand as a barometer of trade conditions in Brainerd and the country. If business is slack, the road is handling little freight, that condition is reflected in the shops. But when the country as a whole is prosperous, when the railway is busy, then the shops indicate the change and big pay days are the rule in Brainerd.

Visitors in Brainerd sometimes ask, "What is the railroad to Brainerd?" That is easily answered. The Northern Pacific railroad means this month of September the disbursement of a cool \$100,000 in wages in the city of Brainerd.

CLINCH CHAMPIONSHIP

East Brainerd Keystones Claim the 18 Year Old Championship of This Section

The East Brainerd Keystones clinched their hold to the eighteen-year old championship by winning their tenth straight game when they defeated the North Sides in an exciting 10 inning game by a score of 5 to 4. The batteries for East Brainerd were Lannenberg and Larabee, for the North Sides Cleary and Johnson.

The features of the game were the pitching of O. Kannenberg who struck out 18, and W. Toohy's long drive to deep center.

In the last month they have won the following games: Mill Town, 4-5; 10-8; 9-5; Johnson's East Brainerd team 7-4; 9-0; 10-2; the North Sides, 14-2; 11-1; 6-3; 5-4.

They owe their success chiefly to the masterly twirling of Kannenberg, their 16 year old pitcher who has an average of 1 and 3-4 strikeouts per inning for the last ten games. His best continuous record was 11 straight in one of the mill games. Their lineup is as follows: Larabee catcher, Kannenberg pitcher, Toohy first base and captain, Richmond second, Turkelson shortstop, Harkett third, Simmons left field, Denis center field, Mooney right field.

"I am writing with thankfulness to Mellin's Food. There is such a vast difference in my baby since I have used your food that people having known her before and see her now, can hardly believe she is the same child. I must admit that Mellin's Food is the cause of it. Why, she was what you call in plain language, a living skeleton, and now she is nice and plump. She will be a year old tomorrow and I must thank Mellin's Food for it, for little did I think that I would see her live to grow up. With praise to the baby saver."

WHO IS SCRIB LOGUE?

Minneapolis Tribune Southern Minnesota Notes Hands a Puzzler to Brainerd People

On the Minneapolis Sunday Tribune's red sporting page under the caption of "Southern Minnesota Notes" is handed out the following brain puzzler for Brainerd people:

"Scrib Logue, who managed the Brainerd team in the Central Minnesota league, is back at his home in Owatonna and has taken a job as umpire in this section for the balance of the season."

Brainerd always supposed D. A. Peterson was the business manager and Prof. Callan the playing manager but it takes the Minneapolis Tribune to hand out the dope.

EXTRA—Bud Roderick just phoned over that "Scrib" Logue was no other than our old friend Jim Hagen who held down first base a while and then went to Crosby and managed that team. By substituting Crosby for Brainerd in the Minneapolis Tribune the alleged brain storm of the Twin City paper is definitely cleared up.

The Philadelphia American league baseball team will leave Philadelphia on October 26 for a barnstorming trip to Cuba, under the management of secretary John Shibe. En route games will be played in Jacksonville, Louisville and other southern cities. The games in Cuba will be divided into two series of six games each, to be played with the Almendares and Havana.

Daily Missoulian, of Missoula, Mont.—Yesterday morning Leslie Bush started for Chicago via Brainerd. At the depot he purchased a copy of this palladium of liberty from a newsboy. The lad, a real hero worshipper, announced immediately that he was going to have the nickel made into a watch fob. If the kid'll come up, we'll frisk Tubalkane for another nickel and then he can have the fob made with a dime in it.

If kicks and protests can do it Benton County appears to be in a fair way to legislate the pennant from Brainerd. Local opinion is unanimous that Brainerd won the pennant of the Central Minnesota baseball association. Without Brainerd's crowds, enthusiasm and gate receipts there would have been no association. With Brainerd out of it the association would have had a lot of high browed comment in city papers and others on plays and players and an attendance of bench warmers such as St. Cloud generally showed up.

REGAL

TRUSTY FIRST TO ESCAPE

Charles Vanasse, Without Guard, Escapes From the New Stillwater Prison

Stillwater, Minn., Sept. 14—Chas. Vanasse, a trusty, escaped from the new state prison today, the first man to gain liberty from the newly completed institution. Vanasse was digging holes outside the works and was working without a guard. It is believed he crossed the St. Croix in a boat. The prison authorities have no trace of him. He was received at the prison October 5, 1911, from Morrison county, under an indeterminate sentence for arson in the third degree.—Minneapolis Journal.

LAWN TENNIS TOURNAMENT

Held by Brainerd Lawn Tennis Association on Their Courts Near Court House

TEAMS FROM STAPLES & AITKIN

Lampert-Scheff Finals in Singles One of the Best Matches Ever Played in Brainerd

The Brainerd Lawn Tennis association held a tournament on their courts on Saturday afternoon. J. Lampert and Dr. B. H. Saunders of Staples and Herbert Scheff, Dr. W. G. Courtney and Dr. D. J. Murphy of Aitkin were the out of town players.

These teams played off events in both single and doubles against the local representatives.

Mr. Lampert took the finals in the singles from Mr. Scheff in a very spectacular match, considered by many to have been the best match ever played on the local courts. Both players were in fine form and played a beautiful game.

The finals in the doubles between Lampert and Saunders of Staples and Donovan and Ide of Brainerd was well played. The teams were equally matched. The game was called on account of darkness with one set to the credit of each team.

RECEPTION TO PASTOR

Rev. J. F. McLeod, Formerly of Brainerd, Leaves Two Harbors for Harbor Creek, Pa.

The Duluth Herald contains an account of the farewell reception given Rev. J. F. McLeod at Two Harbors. Rev. McLeod was formerly pastor of the First Presbyterian church in Brainerd and now leaves Two Harbors for a pastorate in Pennsylvania.

The article states: The ladies of the First Presbyterian church of Two Harbors gave a farewell reception to Rev. and Mrs. J. F. McLeod in the parlors of the church September 13, which were crowded with several hundred friends. Mr. and Mrs. McLeod leave in a few days for Harbor Creek, Pa., where he expects to take up further duties pertaining to church work, and also to take charge of a parish there. Rev. McLeod has been pastor of the First Presbyterian church at Two Harbors for the past four years, and during his stay has made many friends who regret his leaving.

During the evening refreshments were served to all in attendance, and towards the close of the reception Mr. and Mrs. McLeod received a number of handsome gifts, after which Mr. McLeod made a few pleasing remarks acknowledging his appreciation of the good will extended. The parlors were very prettily decorated with Japanese lanterns and flowers. As yet no successor has been named to fill the vacancy caused by Mr. McLeod's resignation.

Deafness Cannot be Cured

We will give One Hundred Dollars for any case of Deafness (caused by catarrh of the middle ear) which cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

(Carr) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, etc. Take Hall's Family Pills for constipation.

AUTOMOBILE NOTES

News of Tourists Visiting City—Local Items—Trade Notes From the Garages

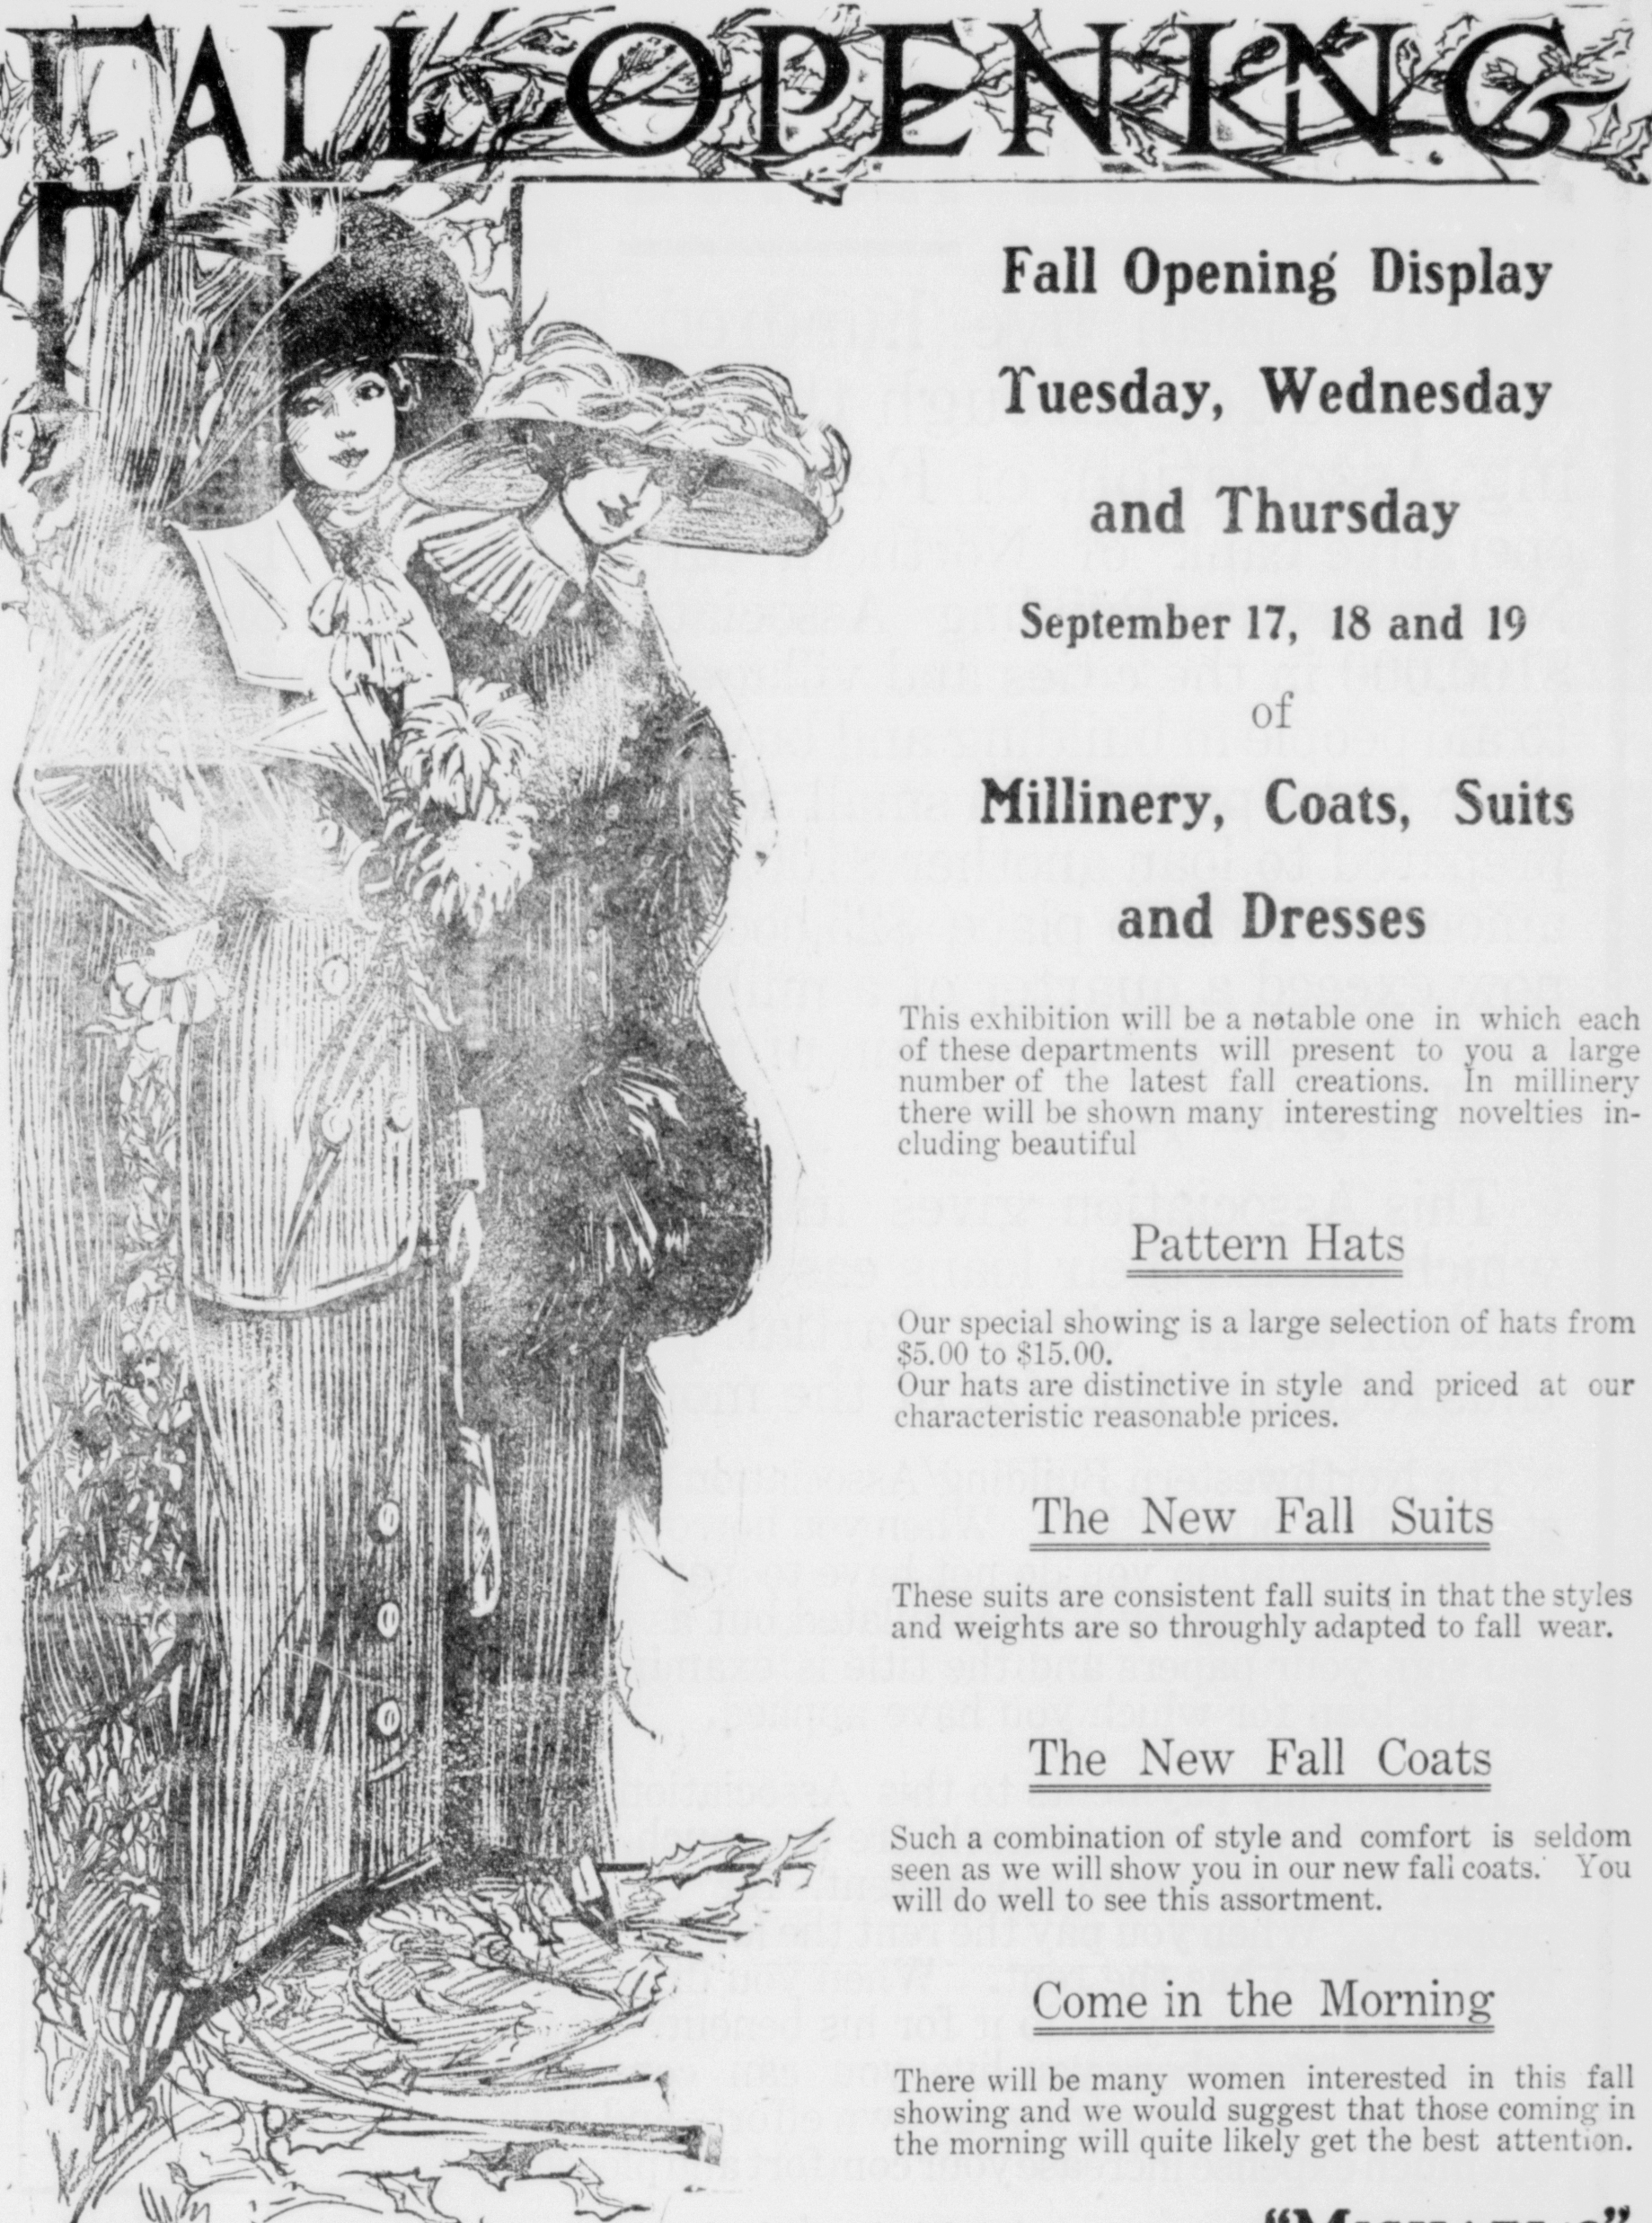

On Monday morning City Engineer C. D. Peacock took out his Michigan car and as passengers he had Street Commissioner Wm. Barron and Alderman Archie Purdy, and the trio viewed the recent street improvements made.

E. C. Bane has purchased two Regal cars, both beauties. One has a dark body and the other is of red with white trimmings. The red and white car was used as a show car at the state fair. They are of 25 horsepower, and four passenger cars, equipped with electric lighting and other conveniences. The cars are what is known as the underslung type, and having most of the weight at and near the axle there is very little danger of their upsetting on a high curve. In returning from Minneapolis Mr. Bane drove one of the cars and George Hess the other.

Construction has commenced on the garage to be built by John Ernsater on South Sixth street across the street from the E. R. S. Auto Co. garage. The building will be 50 by 100 feet in size, of cement blocks. Workmen are engaged in digging the pit to be used by the repair department. Alderman C. B. Rowley is the contractor. The city scales in front of the garage will have to be moved to another location.

Come in the Morning

There will be many women interested in this fall showing and we would suggest that those coming in the morning will quite likely get the best attention.

"MICHAEL'S"

How the Second Choice Works

Your second choice cannot injure the chances of your first choice.

Instead, if your first choice should be eliminated from the race, your rights in the election do not end. Your second choice will be counted.

The ballots are made up with a second choice space opposite the name of each candidate. The second choice will count only where three or more candidates are running for one office.

A first and second choice vote for the same man will avail nothing. It will merely count as a first choice.

The following tally sheet illustrates the manner in which the second choice is applied:

	First Choice	Jones	Smith	Brown	Judd	Hess
Jones	500		25	150	100	200
Smith	700	250		300	50	75
Brown	200	50	100		10	20
Judd	150	10	20	30		60
Hess	100	20	10	40	20	

Total first choice votes, 1,650.

Necessary to nominate, 825.

It will be observed that although Smith has the most votes, he has not a majority of all the first choice votes; for that reason it becomes necessary to begin the process of dropping the lowest and adding the second choice votes.

Hess being the lowest, his name is dropped.

It appears that although he received 100 votes, only 90 of those who voted for him took advantage of the chance to express a second choice. It is clear that 10 voted for first choice only, and it is clear, too, that these 10 have now lost their votes as their man is out and they have nothing further to say. The 90 who

rendered a second choice are still in the game and their votes will now be added to the first choice votes of those for whom they were cast. In other words, their second choice votes now step in and become first choice votes, taking the place of those that were cancelled in the dropping of their first choice candidate.

The votes will now stand:

Jones 500 plus 20 equals 520.
Smith 700 plus 10 equals 710.
Brown 200 plus 40 equals 240.
Judd 150 plus 20 equals 170.

Smith is still high man but is short of a majority. It will be noticed that only the second choice votes of the low man who is dropped are counted. Judd is now eliminated and the second choice votes cast by those who voted for him as their first choice are counted and the result is as follows:

Jones 520 plus 10 equals 530.
Smith 710 plus 20 equals 730.
Brown 240 plus 30 equals 270.

Still no choice and Brown is now

dropped with this result:
Jones 530 plus 50 equals 580.
Smith 730 plus 100 equals 830.
Smith now having a majority is declared nominated.—Duluth Herald.

JOIN THE HOME GETTERS

MORE than five hundred homes are being paid for through the Northwestern Building Association, of Fergus Falls, the great co-operative bank of Northern Minnesota. In 1911 the Northwestern Building Association loaned more than \$100,000 in the cities and villages of northern Minnesota, to aid people in building and buying homes and permitting them to be paid for in small regular installments. It is prepared to loan another \$100,000 in 1912, and of this amount wants to place \$25,000 in Brainerd. Its loans now exceed a quarter of a million dollars. There is no way so easy and so certain of paying for a home as the small regular payment.

This Association gives its members every condition which makes their loans easy to handle. Loans can be paid off at any time. Partial payments can be made thus reducing the size of the monthly payments.

The Northwestern Building Association is not a stock-selling proposition. When you borrow money of this Association you do not have to pay in and wait until the money is accumulated, but as soon as you sign your papers and the title is examined you get the loan for which you have applied.

The monthly payments to this Association on a home which you own yourself are not much, if any larger, than you would pay as rent, for the same property. When you pay the rent the landlord owns the home and has the rent. When you drive a nail or stop up a crack you do it for his benefit. If you own the house where you live you can constantly add to its value through your own efforts and without much expense increase your comfort and pleasure.

Everyone who borrows of this Association borrows upon exactly the same terms. The small borrower on a modest home gets the same conditions as the man who borrows on the most expensive one. The monthly payments are \$1.50 for each \$100 that you borrow. If you need \$500 your payments are \$7.50 per month, if you need \$800 your payments are \$12.00 per month, or if you need \$1000 your payments are \$15.00 per month. This includes interest, principal and every other charge. If the payments extend over 100 months, the amount is reduced to \$1.00 for each \$100 borrowed, so that on a \$1000 loan after 100 payments you would pay but \$10.00 a month. Thus far in the history of this Association all loans have matured inside of 108 months, and we are prepared to make a definite contract on this basis where any one prefers it to borrowing on the mutual plan. If you want to buy, build, or borrow to pay for the home which you now have, write for further information.

A PREPOSTEROUS BIRD.

Mostly Neck, With a Few Extras, Is the Water Turkey.

In the Indian river region of Florida are to be seen islands green with mangrove bushes down to the water's edge. The scene is animated by the presence of many water fowls—pelicans, gallinules, water turkeys, cormorants and fish crows—feeding on the islands, together with smaller numbers of gulls, terns, vultures, ospreys and man-of-war hawks, swooping, skimming and sailing in the air above. In all this array of bird life there is no more curious and interesting creature than the water turkey, which is sometimes called the snake bird.

As the stranger gazes upon this scene he is sometimes apt to think he sees a queer snake wriggling out of the water several feet into the air. If he grabs his gun and fires it is probable that a part of the supposed snake will drop upon the water, while the other part takes wing and flies away.

The stranger wonders whether the snake dropped the bird or the bird the snake. The explanation is quite simple. A snake bird, or water turkey (Pseudonibis), swimming with its long neck only out of the water had the snake in its bill, and the snake was dropped when the gun was fired.

The water turkey has been called the most preposterous bird within the range of ornithology. "He is not a bird," says one authority; "he is a neck, with such subordinate rights, members, appurtenances and hereditaments thereunto appertaining as seem necessary to that end. He has just enough stomach to arrange nourishment for his neck, just enough wings to fly painfully along with his neck and just big enough legs to keep his neck from dragging on the ground, and his neck is light colored, while the rest of him is black."—New York Sun.

Why CALUMET BAKING POWDER Is Better

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.
